

Made From Organic Grapes — Italy

Tiamo is a line of wines, made with organic grapes, that represent top quality wines from the best growers in their respective regions.

Tiamo, which simply means *I love you* in Italian, is a line of wines, made with organic grapes, that represent top quality wines from the best growers in their respective regions.

The Valdobbiadene region is ideally suited for the Prosecco grape, here the particular composition of the hilly soil, the exposition to sun, the frequent rains and the constantly mild temperature between April and October combine to provide the best conditions.

The broader Veneto region is also ideally suited for the Pinot Grigio grape.

The southern Italian island of Sicily is ideally suited for the Grillo grape with soils that are high in limestone and sand and vines located on hillsides with good exposure to the sun.

A certified organic vineyard in Montespertoli, in the heart of the Tuscan countryside, is ideally suited for the Sangiovese and Montepulciano grape (Chianti) with chalky texture soils and vines located on hillsides with good exposure to the northeast sun.

Barbera is a red Italian wine grape variety that is the third most-planted red grape variety in Italy. The wine is produced from organically grown grapes from the Oltrepo Pavese vineyards that lie on the lovely hillsides between the towns of Genoa and Milan.

The Abruzzo region is ideally suited for the Sangiovese and Montepulciano grape (Rosato) with chalky texture soils and vines located on hillsides with good exposure to the northeast sun.

All of the Tiamo wines come from small growers and cooperatives and are blended by the owners of Tiamo, Melvyn & Jane Master and the Sager family.

Tiamo Prosecco DOC NV

“Vibrant nose of citrus, apple, and peach, over bright lemon and mineral notes. Fresh in the mouth, offering notes of green apple, bright citrus, and limestone. Clean and bright finish. Good house pour.”
