Situated around the city of Bernkastel, which is more than 1000 years old, the Badstube vineyard has a gentler slope and richer soil than the other vineyards belonging to the Dr. Pauly-Bergweiler estate. Natural springs provide all the water the vines need to produce full-bodied, assertive wines that are ideally suited to the vinification of great Kabinett and Spatlese wines. Our Badstube Riesling is the perfect partner for veal or turkey. Try it with chicken as well as sushi.
