MILLÉSIMÉ 2008

BY THE FIRESIDE

Its birth year begets a marvelous present. Its robust hand, wise and generous, inherited from the colors of its soil, shares its gift willingly. It is unique, unifying and reassuring; it enhances the beautiful and awakes the good. Through the window, the purity of snow immerses the sleepy nature in a peaceful silence. The sweet scent of winter warms the heart, like a cup of chocolate shared by the fireplace.
