

*Producing top quality German Riesling is more than just a science, it is an art.*

# HEINZ EIFEL

*Today,* Heinz Eifel is run by father Heinz Eifel and daughter Anne Eifel-Spohr, crafting wines from the highest quality grapes processed with only the most modern standards, techniques and technology. Unlike many larger German wineries, Heinz Eifel himself has control over the entire winemaking process — from vine to bottle.

VARIETALS

### **100% Silvaner**

'Beerenauslese (literally "individual berry selection") is a wine made from hand-selected individual grapes that have been affected by botrytis cinerea or 'noble rot', a fungus that dehydrates the berries and adds a unique honeyed flavor to the wines. This rare condition in the vineyard allows for the extraction of very concentrated flavors and sugars in the tiny amount of dehydrated juice of the affected grapes. The resulting wine is extremely rich, dense and viscous with a unique profile. Often, Beerenauslese is called 'BA' for short.
