

This is an exciting new estate, which has been rheinhessen established with the vineyards and assistance of Friedrich Baumann, who has now retired. **Dr. Karl Heyden** founded the estate in 1999 with his wife, Anita and their two sons, Frank and Harry. Frank has completed his studies at the famous Geisenheim viticulture institute, and has already convinced the German critics. This young talented generation is already crafting great wines from these highly rated vineyards. Sadly, Dr. Karl Heyden died in 2005.

The Dr. Heyden **OPPENHEIMER** Pinot Noir is estate grown and harvested at high physiological ripeness, fermented traditionally and matured in new and old oak for 12+ months. A serious German dry red pinot noir with firm structure, expressive real pinot characteristics and fine maturing potential, unadulterated by new wood. It reflects the limestone terroir with expressive berry fruit and complexity.
