

## DRY CIDER (ORGANIC)

Dry by name and Dry by nature, this cider is one for the more adventurous enthusiast! The leopard is Susie Dunkertons family crest with the apple added for humorous twist.

**Region:** Herefordshire, England

**Style:** Dry Cider

**Tasting Notes:** Hand crafted with up to 14 carefully blended cider apple varieties with lower levels of sweetness, the result is a beautifully crisp full bodied cider which is lightly carbonated to deliver a refreshing dry finish.

**Food Pairing:** Perfectly complements white fish including traditional fish & chips or a creamy cheese like an organic Cotswold Brie or goats cheese.

**ABV:** 6.8%

**Awards:** Gold US Open Cider Championships 2017, Gold New York International Awards 2018.

All our organic ciders and perry are Soil Association certified. Gluten Free. Suitable for Vegans & Vegetarians. Contains Sulphites.
