## Legacy & Future Vintages

### Hope Estate Wollombi Brook Semillon 2018

Bright, lively, green-tinged straw color. A focused, fresh citrus nose with lemon, lime, and green apple. It has a crisp tight style with a good balance of fruit to acidity, with some minerality.

### Hope Estate Mountain Wash Chardonnay 2020

Our Chardonnay is produced in one of Australia's finest wine growing regions, the Hunter Valley. The single vineyard Chardonnay is grown on the Mountain Wash vineyard which lies directly under the Wollemi range. Over millions of years, nutrients from the mountain's vegetation have been washed into the soil, where our vineyard now stands. This makes perfect conditions for our Chardonnay to thrive in the hot climate of the Hunter Valley.

### Hope Estate Basalt Block Shiraz 2018

"From the Hunter Valley in New South Wales, this wine shows a lot of regional character. It's a little soapy but is dominated by heady fruit aromas like plums, blueberries and cherries. Rounding them out are white pepper and dried herbs and flowers. The palate bursts with juicy, plump fruit and savory powdery tannins that grip gently. A long herb-flecked finish makes another sip an easy endeavor."

### Hope Estate "The Ripper" Shiraz 2017

The grapes used to produce this wine are from Hope Estate's "Nob Hill" vineyard in the Geographe Region of Western Australia. The fruit is crushed there and then transported by truck across the outback to our East coast winery, where they are fermented and bottled. The must is chilled for this three day road trip and arrives with amazing color and tannin extraction from its time in transit. This extraction time ensures huge berry fruit, spicy nutmeg, mocha characters and a palate full of flavor. That's why we call it the "Ripper", an Australian term for great!

### Hope Estate Signature Semillon 2012

2012 was a stunning Semillon year in the Hunter Valley, with a prolonged drought reducing yields markedly. The concentrated flavors from low yields were further enhanced by a milder growing season. While showing bright citrus and mineral characters on release, this wine is a real keeper and will really blossom after 5-10 years of a bottle age.
