

KIND of WILD

MADE WITH ORGANIC GRAPES

CHENIN BLANC 2021

EYES OF THE WORLD

HUMANS WATCH OVER THIS PLANET AND WE ARE LUCKY FOR THE ABILITY TO SEE SUCH BEAUTY THAT SURROUNDS US. WE SEE THE MOUNTAINS, THE RIVERS AND THE OCEANS THAT EXIST SIDE BY SIDE WITH THE GRASSLANDS, THE FORESTS, AND THE DESERTS. WE CAN PROTECT WHAT'S LEFT AND RESTORE IT FOR FUTURE GENERATIONS SO THEY TOO CAN MARVEL AT THE BEAUTY OF THESE UNIQUE PLACES EXISTING IN BALANCE.

REGION

COLUMBIA VALLEY, WASHINGTON

Our Chenin Blanc was grown and produced in Washington's Columbia Valley in collaboration with a 3rd generation family estate under organic growing conditions. In addition to organic certifications the vineyards are certified Global G.A.P. for good agricultural practices as well as Glyphosate Residue Free (detoxproject.org). The vineyards are located in the Southern and Central part of the state along the Columbia River and produce beautifully elegant white wines with freshness, balance and excellent acidity.

100% CHENIN BLANC

PROFILE

Our bright and fresh Chenin has notes of white flowers and citrus on the nose, with beautiful flavors of apples, mandarin, and melons on the palate. Its fruity style is perfectly matched with an elevated acidity to balance the experience. This wine will take you on a shortcut to happiness at first sip. Just don't be the first one to the party, or the last one to leave (especially not both!).

FOOD PAIRING

Kind of Sweet & Sour! Our Chenin Blanc's versatility will allow it to match a wide range of global cuisines, but especially Asian dishes with sweet + sour flavors. Try it with a tofu curry or Vietnamese spring rolls with peanut sauce.

12.2% ABV
