

The Rioja DOCa is a highly regulated winemaking environment, beholden by tradition and led by an old-guard; an establishment that is resistant to change. At the same time, it's also home to a vibrant wine community of innovative producers who want to PUSH THE BOUNDARIES, in the pursuit of making more diverse and thrilling wines. In the 1990s with the spread of industrial viticulture practices in the region, a group of renegades decided to defend the opposite view, a viticulture with **UTMOST RESPECT FOR NATURE**.

# LECO PUNK

[ LECO ] in Spanish means scream. With the term LECO we want to associate with those pioneering growers that began developing and defending **ECOLOGICAL** (organic) farming within the DOCa. Rioja. It represents the spirit of those first rebels who began screaming for a more sustainable perspective of farming, for more respect for nature, confronting the spread of industrial viticulture in the region in the 1990's. **OUR ORGANIC VINEYARDS** in Rioja meet the international standard for environmental management systems (ISO-14001). All of the energy used is 100% from renewable sources. Energy conservation measure and energy reduction strategies are systematically applied

in all our activities. The Wineries for Climate Change Protection Certification is geared towards ongoing improvement and sustainability in wineries, based on four key areas: reduction of greenhouse gases, water management, water reduction, energy efficiency and renewable energy. Our organic practices are certified by CPAER (Rioja's Regulatory Council for Ecological/Organic Agriculture). ECOCERT is an organic certification organization, founded in France in 1991. ... ECOCERT primarily certifies food and food products, but also certifies cosmetics, detergents, perfumes, and textiles. The company inspects about 70% of the organic food industry in France and about 30% worldwide.

## Leco Punk Organic Tempranillo Rioja

*High altitude, family vineyards located in different villages of Rioja Alta and western Rioja Oriental. Organic viticulture without synthetic or artificial additives, chemicals, herbicides, pesticides, fertilizers or genetically-modified products or organisms. Minimal intervention to produce an unambiguous organic Tempranillo. Pure fruit from Rioja at full blast. Simplicity at its best.*

"The organic red 2021 Leco Punk is a juicy, fruit-driven and ripe Tempranillo with 14.5% alcohol. It's modern and clean with a round palate, a soft texture and great purity of flavors. It's spicy and fresh with good purity and balance. Drink 2022 - 2025."
