ZUCCARDI
VALLE DE UCO

POLÍGONOS OF THE UCO VALLEY IS A SELECTION THAT EXPRESSES THE PARTICULAR CHARACTERISTICS OF DIFFERENT TERROIRS WITHIN THE VALLEY. THESE ARE WINES FROM A SELECTION OF VINEYARDS THAT ACCOUNT FOR THE DIFFERENCES IN ALTITUDE, SOIL AND CLIMATE THAT CURRENTLY CHARACTERIZE THE SUBREGIONS OF SAN PABLO, PARAJE ALTAMIRA AND TUPUNGATO.

ZUCCARDI POLÍGONOS *San Pablo Albariño 2022*

WINE DATA:

GRAPE COMPOSITION: 100% Albariño

APPELLATION: San Pablo, Valle de Uco, Mendoza

HARVEST: It was a great vintage. With a cool and humid climate, the clusters had the necessary time to reach maturity with a perfect balance of sugar and acidity. Our meticulous work separating plots and types of soil for harvesting (which has been going on for more than a decade) allowed us to harvest every corner of our vineyards at the perfect time, thus showing the great diversity that characterizes the Uco Valley.

VINIFICATION: Direct pressing. Fermentation with native yeasts. Both fermentation and aging were carried out in concrete vessels. No malolactic fermentation.

ALTITUDE: 4,593 ft / 1,400 mt above sea level

SOIL TYPE: Soils originating from the alluvial fan of the Las Tunas River, on its right bank. Normally sandy loam, of medium depth below which there is a layer of medium gravel covered with calcium carbonate.

ALCOHOL: 13% | TOTAL ACIDITY: 8.29 g/l | pH: 3.09

12pk | 750ml

– WINEMAKER SEBASTIÁN ZUCCARDI
