

It was at the turn of last century when the Masachs family started to cultivate grapes in their estate located in Vilafranca del Penedès, a wine area par excellence. In 1977, Josep and Joan Masachs launched a line of cava based on the experience and know-how of their ancestors. The excellent quality of the cavas made by these young producers became known both in the domestic and international market. Nowadays, Cavas Masachs continue the production of cavas and wines in their Monsarra estate with the same enthusiasm in order to improve the quality initiated by its founders.
