

HEINZ EIFEL

Today, Heinz Eifel is run by father Heinz Eifel and daughter Anne Eifel-Spohr, crafting wines from the highest quality grapes processed with only the most modern standards, techniques and technology. Unlike many larger German wineries, Heinz Eifel himself has control over the entire winemaking process — from vine to bottle.

The **Heinz Eifel Shine** wines are made from grapes harvested on the sloping hillsides of Germany's prime wine growing regions. The winding rivers running alongside these vineyards reflect sunshine, which help ripen the grapes throughout the long, cool growing season.

Shine DORNFELDER SWEET RED 2023

Rheinhessen, Germany

APPELLATION

VARIETALS

100% Dornfelder

Dornfelder was a result of a series of crossings by August Herold at the grape breeding institute in Weinsberg in 1955 and was released for cultivation in 1979. Since then, Dornfelder has grown to be the second most widely planted red grape in Germany due to the fact that it is easier to grow than Spätburgunder (Pinot Noir); has better resistance to rot than Blauer Portugieser; has stronger stalks than Torollinger; ripens earlier than Lemberger and achieves higher must weights and produces a wine with deeper color, more powerful flavors and

richer tannins than any of the above varieties. In short, it is a perfect red wine grape for the cool, sometimes damp northerly climate of Germany.

ALCOHOL: 9.5%

TASTING
NOTES

The reflection of the sun's rays off the Rhein river help to ripen these hearty red grapes, thus producing a full bodied wine with flavors of dark red fruits with a well balanced sweetness.

Food Pairing: Enjoy slightly chilled on its own or with cheeses, salads pasta and fish.
