

ESPETO

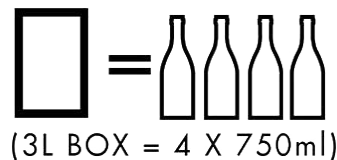

3L BAG-IN-BOX

VERDEJO

The winery is located at the best area of La Mancha, in the most Eastern of the D.O. Here, the deep sandy soils layered with limestone make the Espeto vineyards unique, which were planted in 1994.

VARIETAL: 100% VERDEJO

THE VINEYARD: The winery is located at the best area of La Mancha, in the most Eastern of the D.O. Here, the deep sandy soils layered with limestone make the Espeto vineyards unique, which were planted in 1994.

CLIMATE: Hot days and cool nights, marked extreme water stress, define the stressful growing season. This forces low-yields for the vines and helps produce maximum varietal expression.

HARVEST: Yields are 8,000 kg per hectare.

VINIFICATION: The wine is slowly fermented in stainless steel at low temperatures under reductive conditions to obtain a fresh, aromatic wine profile.

TASTING NOTES: Fruity, pleasant and bright, with aromas and flavors of peach and nectarine. Serve at 50 °F with fish, seafood, and ceviche.
