## PEACH + GINGER

- Natural Flavors + Ingredients
- Delicious, Functional & Low Calorie
- Caffeinated & Decaf Tea Options
- Benefits of THC, CBD & L-Theanine

### Natural Flavors + Ingredients

Our drinks are naturally flavored, avoiding artificial additives and preservatives. We use organic agave nectar to sweeten our teas, rather than higher-glycemic index alternatives or artificial sweeteners.

### Delicious, Functional & Low Calorie

We believe that beverages can be both delicious and functional, providing full flavor and beneficial mood-altering affects. Low in calories, these beverages provide guilt-free enjoyment. Our teas are 50 calories per can.

### Caffeinated Tea

Peach + Ginger contains 60mg of caffeine naturally present in the organic black tea, offering an energizing boost for consumers—perfect for social experiences.

### Benefits of THC & L-Theanine

Peach + Ginger offers the therapeutic benefits of THC (5mg per 12oz can) and adaptogens, adding to the overall wellness experience. 100mg of added L-Theanine, an amino acid found in green tea known for calming, anti-stress relaxation, balances the onset of THC for a gentle lift.

### PEACH + GINGER 5MG THC

#### Peach & Ginger Blend

The beverage features a delightful blend of ripe peaches and zesty ginger for a refreshing taste experience.

#### All-Natural Ingredients

Crafted with all-natural ingredients, ensuring a refreshing and healthy beverage choice. Sage is known for its calming effects, enhancing the relaxation benefits of this beverage.
