INFUSIONS

## YUZU + HONEY

- Natural Flavors + Ingredients
- Delicious, Functional & Low Calorie
- Caffeinated & Decaf Tea Options
- Benefits of THC, CBD & L-Theanine

### Natural Flavors + Ingredients

Our drinks are naturally flavored, avoiding artificial additives and preservatives. We use organic agave nectar to sweeten our teas, rather than higher-glycemic index alternatives or artificial sweeteners.

### Delicious, Functional & Low Calorie

We believe that beverages can be both delicious and functional, providing full flavor and beneficial mood-altering affects. Low in calories, these beverages provide guilt-free enjoyment. Our teas are 50 calories per can.

### Decaf Tea

The Yuzu + Honey is decaffeinated, with 5mg of CBD, providing a calming alternative for consumers seeking relaxation.

### Benefits of THC, CBD & L-Theanine

Yuzu + Honey offers the therapeutic benefits of THC & CBD (5mg THC & 5mg CBD per 12oz can), as well as adaptogens, adding to the overall wellness experience. 100mg of added L-Theanine, an amino acid found in green tea known for calming, anti-stress relaxation, balances the onset of THC for a gentle lift.

### YUZU + HONEY 5MG THC/5MG CBD

#### Exotic Yuzu Flavor

Yuzu brings an exotic citrus flavor to the beverage, offering a unique taste experience for consumers.

#### Natural Sweetness of Agave Nectar & Honey

The addition of honey provides a natural sweetness that perfectly balances the acidity of yuzu, enhancing the overall flavor.

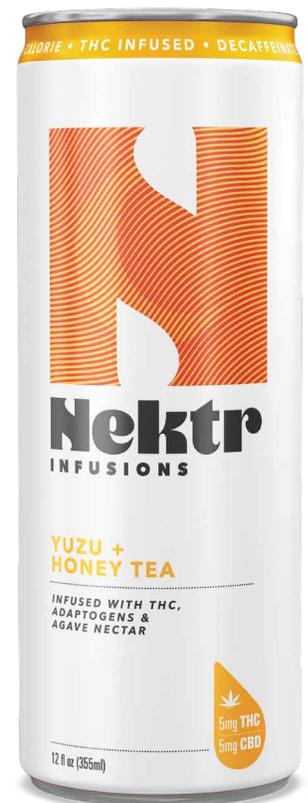

#### Delightfully Refreshing Drink

Decaffeinated green tea base results in a refreshing drink that is both delightful and appealing in the beverage market.

#### INGREDIENTS

DECAFFEINATED GREEN TEA (WATER, DE-CAF-FEINATED GREEN TEA), ORGANIC AGAVE SYRUP, NATURAL FLAVOR, LEMON JUICE CONCENTRATE, HEMP-DERIVED THC & CBD, CITRIC ACID, NATURAL COLOR, L-THEANINE.

**NO ARTIFICIAL FLAVORS, SYNTHETIC ADDITIVES OR CHEMICAL STABILIZERS**
