

The G&M Machmer winery is now in its third generation. Located in Bechtheim of the Rhinehessen region, just north of the old imperial city of Worms, the family continues their winemaking tradition while finding harmony with the climate, soil and vines. With great attention to detail and a passion for excellent wine, Machmer's wines are made in the traditional artisanal way. Today the winery is fully solar-powered. The vineyards have been cultivated organically since 2000, which means not only by natural cultivation, but also without chemical-synthetic herbicides and pesticides.

The small village of Bechtheim is situated in the countryside, not far to the South from Nierstein. The vines are cultivated on fertile loamy soils, and spicy Gewürztraminer

flourishes well in the warm micro-climate. The Bechtheimer is sourced from the single vineyards Stein and Rosengarten, all 100% owned/cultivated by Markus Machmer.

Bechtheimer Gewürztraminer Spätlese Rheinhessen 2023

Our Spätlese hails from fertile loamy soils and flourished well in the warm microclimate. It has more floral, fruity and offsetting spicy aromatics and flavors such as rose petals, lychee, passion fruit, apricot, ginger and white pepper. It is a perfect match for strong Indian and Asian spiced dishes. Also fantastic with a spiced duck leg, dishes with acidic sauces, roasted vegetables and soft cheeses..
